

Reference: EIR4251

Request:

I would like to request the number of potholes reported in the council's area in the last three years (2018, 2019, and 2020).

Our system does not provide figures of how many reports we received which just relate to potholes, however, I can provide how many reports received regarding issues with the road surface.

- April 1st 2018 to 31st March 2019 - enquiries received = 870
- April 1st 2019 to 31st March 2020 - enquiries received = 442
- April 1st 2020 to 31st March 2021 - enquiries received = 328
