

Freedom of Information Request FOI1170

Request:

We run an Irish dancing class that has been well established for 35 years in Wallsend and are also a registered charity. We are hoping to do a leaflet drop in the area for our upcoming recruitment for new pupils but we need to know how many leaflets we need. Could you possibly inform us how many residential houses there are in Wallsend, Holy Cross, Howden and Battle Hill please. We obviously need to pay to have the leaflets delivered. There are private companies that do this but do the council have a similar service as we need to keep the cost down as much as possible.

Submitted on 30/04/19.

Response:

The current number of residential homes within the Wallsend area (including Holy Cross, Howdon and Battle Hill (see attached plan for area covered)) is 22,075 homes.

No delivery services are provided by the council.
