

Reference: FOI3235

Request:

Would you please be able to provide:

- The number, length and locations of any new cycle lanes in your borough/local authority since March 2020.

Nothing permanent, 4km temporary cycle lane between July and November between Whitley Bay and Tynemouth.

- Month-by-month figures of the numbers of cyclists using these lanes.

See attached.

- The amount of money spent on installing any new cycle lanes since March 2020.

£345K of which £310k on materials (which will be redeployed)

- The number of complaints received over any new cycle lanes installed since March 2020.

Approximately 1,000 complaints plus a petition with 5,000+ signatories.

- Which of the newly installed cycle lanes are to be/have been removed, if any.

The scheme was removed in November
