Request:

- Does your local authority record data regarding the number of referrals it receives concerning child criminal exploitation?

The LA records the Primary Contact Issue for Referral, and the Contact Reasons are from a picklist which includes Child Criminal Exploitation

- If so, in what year did this practice begin?

The LA has routinely recorded the contact issue on referrals (since mid-2002 on migrated data available to the Performance Team), but the earliest recorded referral containing the primary contact issue of Child Criminal Exploitation is January 2020

- Please provide a breakdown of the number of referrals it has received each calendar year since the local authority began recording referrals for child criminal exploitation

15 referrals in 2020

- Please specify to how many individual children these referrals relate

15 individual children
