Request:

I wish to request, under the Freedom of Information Act, that you supply me with information:

* The number of Parking Charge Notices the Council has issued for the year 2020 to date, 2019 and as many years for which records are available.

* The Council's revenue from the issuance of Parking Charges Notices for the year 2020 to date, 2019 and as many years for which records are available.

Response:

North Tyneside Council changed its Notice Processing Software provider in September 2017. Only cases that were still 'live' and historic cases dating back to the beginning of 2014 were migrated to the new software. The Council can therefore only provide penalty charge notice numbers dating back to 2014.

The income data listed per year is the actual income banked against penalty charge notices during that year and includes income from penalty charge notices issued in previous years but paid during this period. It is also not possible to split the income received from penalty charge notices issued for parking contraventions from income received from penalty charge notices issued for bus lane contraventions. The data provided is therefore the combined income from both sources.
