**116**

- in how many did the risk remain?

**69**

**However please note this additional information for context:**

RISK OUTCOME	Count
No risk identified	37
Risk assessment inconclusive	30
Risk reduced	508

This context is important in terms of Making Safeguarding Personal, as the process must take account of the person at risk's desired outcomes and this may involve actions that fall short of completely eliminating risk. This should not be seen as a failure of the process.
