

Reference: FOI 1086

Request:

We are seeking a list or database of installed gas appliances, categorised into groups such as:

Heating

- Boilers - condensing/non-condensing, wet central heating systems
- Water Heaters - instantaneous, continuous, storage water heaters
- Dry (Warm Air) Convection Systems – direct/indirect air heaters
- Radiant Heaters – luminous (plaque) and non-luminous (tube)

Catering

- Ovens – deck ovens, pizza ovens, rack ovens
- Steamers & Combi Ovens – combi-steam ovens, atmospheric steamers
- Hobs & Grills – hobs, grills, griddles, barbecues, salamander grills, rotisserie grills
- Water & Oil Heaters – fryers, pasta/noodle boilers, bratt pans
- For each appliance, it would be useful to know the output rating, in either kW or BTU/hr.

We are also looking to know the sector in which each appliance is found, for example:

- Arts, Leisure & Community – clubs & community centres, leisure centres, museums, places of worship, theatres
- Education – nurseries, state primary schools, state secondary schools
- Emergency Services – fire & ambulance stations, law courts, police stations, prisons
- Health – health centres, hospitals, nursing homes
- Hospitality – cafes, restaurants, hotels
- Military – military civilian accommodation, military offices, military storage
- Offices – public office buildings
- Storage – cold stores, stores, warehouses

We wish to obtain as recent data as is possible – ideally from 2018 or 2019. However, any data from proceeding years which could present market trends would also be favourable.

Response:

Unfortunately, the Asset Management team are unable to answer this FOI as the information is not held. As the requested information is not held centrally, to provide this would require a site inspection for each property in our portfolio.
