

North Tyneside Council

Reference: EIR0822

**Request:**

I have read with interest that the Planning Committee is delaying its decision to demolish Borough Road Footbridge. I am writing to you under the Freedom of Information Act 2000 to request the following information from North Tyneside Council. Can you confirm that the council has undertaken Safety Audits of the proposed At-Grade crossings that are intended to replace the footbridge? Can you provide documentary evidence that the Safety Audits have considered the Staff and children at 31 Addison Street and their specific needs? Can you also provide documentary evidence that a Risk Assessment has been carried out regarding the staff and children using the proposed crossings and that the Risk Assessment has covered the full spectrum of the needs of the children as covered by The National Autistic Society?

**Response**

No information held as there is no requirement to undertake a road safety audit for the installation of a controlled pedestrian crossing on a residential road of this nature.

The information supplied to you is owned by the council unless otherwise stated and may be protected by copyright. You are free to use it for your own purposes, including any non-commercial research or for the purposes of news reporting. Any other re-use of a commercial nature will require the permission of the Council. Further enquiries in this respect should be directed to Head of Law and Governance, North Tyneside Council, Quadrant The Silver Link North, Cobalt Business Park, North Tyneside, NE27 0BY
