

Reference: FOI-209

Request:

I'm looking for data, split annually from 2018-present day:

1. The total number of applications made for homelessness due to domestic abuse

2018-2019 = 91
2019-2020 = 68
2020-2021 = 75
2021-2022 = 114
2022-2023 (to date) = 56

2. The total found to be owed a duty

All applicants are owed a duty unless they withdraw their homelessness application.

3. The total found to not be owed a duty

2018-2019 = 13*
2019-2020 = 13*
2020-2021 = 17*
2021-2022 = 40*
2022-2023 = 14*

*These figures are cases that withdrew their application. No other applicants were found not to be owed a duty.
