

Reference: FOI-378

Request:

I am wanting to know how many private hire and taxi vehicles the local authority has licenced that are both: a) combustion engines b) hybrid c) zero-emission vehicles (electric) in 2019, 2021 and 2022.

Please provide this data for a fixed date, such as 1st April of each of the above years, or in any other way you see best fit (i.e. year-end).

Response:

The Authority currently has a total of 847 vehicles licensed, both hackney carriage and private hire.

2 of these are electric vehicles.

19 of these are hybrid

The remainder (826) are either petrol or diesel vehicles.

In order to extract the information requested for previous years the records would need to be searched individually. There is currently no means of extracting this information automatically. Each individual file will need to be examined. Therefore, this part of the request is refused under s12 (1) Freedom of Information Act 2000, since the cost of complying would exceed the appropriate limit set out in the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004.
