

North Tyneside Council

Reference: FOI0133

**Request:**

Can you please provide answers the following questions relating to the delivery of health and safety services within the Council?

Provide the total number of employees (full time equivalent) (FTE) in the Council  
2182.48 FTE excluding schools

Provide the total number of health and safety practitioners (FTE) in the Council Ratio of health and safety practitioners to FTE List the professional health & safety qualifications of each health and safety practitioner List the health & safety role/job title of each health and safety practitioner Current salary of each health and safety practitioner by role/job title List the allocation of health and safety practitioner time spent delivering support to the different Council departments/service areas

The Council outsourced a number of its central "back-office" services to Engie under a long term contract that commenced on 1st November 2012. The arrangement will last until 2022 but may be extended until 2027. As such this service is provided for the Council by Engie, which is a private company and as such is exempt from the provisions of the Freedom of Information Act. The information requested is not the Council's information.

Provide an organogram to illustrate the health and safety services structure and reporting lines through to the CEO
