

Reference: FOI0175

Request:

The following questions refer to numbers breakdown by level of education (primary, secondary, alternative provision or special school) and type of school (community schools, foundation and voluntary schools, academy and grammar schools).

Could you provide data on the number of the penalty notice issued, breakdown by reasons (e.g., holiday/truancy sweep/persistently late...)?

Ideally, I would like to obtain the above data on a half-term basis during the period 2009/10 to 2017/18. If half-term is not possible, what is the frequency of the data that you are able to provide (e.g., termly, yearly...)?

(I am aware that <https://www.gov.uk/government/collections/parental-responsibility-measures> has published similar data but they do not have the penalty notice number breakdown by reasons for any year before 2016/17. Therefore I kindly ask you for it.)

We do not hold any data broken down by reason before 2016/17 therefore please refer to the information on the government website:

<https://www.gov.uk/government/collections/parental-responsibility-measures>

For the period 2017/2018. See table attached for the breakdown by level of education (primary, secondary, PRU and special school for 2017-2018 and for the reasons the penalty notices were issued.

For the same time period (2009/10 to 2017/18), I would also like to know:

the number of unpaid vs. paid penalties? **See above**

how many penalties are withdrawn? **See above**

how many unpaid penalties lead to prosecution?

None

At last, in case the Code of Conduct for Penalty Notice being revised or updated, is it possible to obtain all the historical versions of the Code of Conduct for Penalty Notices?

Our current code is attached.
