

North Tyneside Council

Reference: FOI 0624

Request:

Borough Road Footbridge Special Inspection Report 2013

The Capita Feasibility Report on the Borough Road footbridge (demolition and route diversion) mentions and references a Special Inspection Report of 2013 for the bridge; but I cannot find a copy on the internet, including North Tyneside Council's website. The Capita Report also says that regular inspection records cannot be found.

Please make the Special Inspection Report available by electronic means, and send me a copy by e-mail, including attaching it to the current planning application file (reference 18/01497/FUL) where both the Feasibility Report and Options Appraisal report are published. If the regular inspection records are now available/have since been found, please let me know.

- Where reference is made to North Tyneside Council Planning Portal, please follow the instructions provided on website address given below:

<https://my.northtyneside.gov.uk/category/1079/search-planning-applications>

The Special Inspection Report can already be downloaded from the North Tyneside Council Planning Portal under the Planning Application 18/01497/FUL/ Demolition of Borough Road Footbridge, North Shields Tyne And Wear. It is referred to as the 'Inspection Report' by the Planning Department.

- A scanned electronic version of hard '2011 Principal Inspection Report (WSP)' has been provided for your reference
