

North Tyneside Council

Reference: FOI 0687

Request:

Please can you provide a response to the following questions:

- Who is the contact point within the Highways and Transportation team for transport modelling?

Nicholas Bryan, Highway Network Manager (Nicholas.bryan@northtyneside.gov.uk)

- Please provide high level details of your existing strategic transport model/s.

Strategic SATURN model covering whole Borough originally developed in 2013 to support Local Plan EiP. Model developed from Highways England HAM model with additional detail added for North Tyneside around key local highway network and Local Plan allocation sites

- When was your transport model/s last updated?

2018

- Which organisation (e.g. Consultancy firm) developed your existing transport model/s?

Capita

- Which software does your existing model/s use? (e.g. Saturn, Visum)

SATURN

- How much did your existing model/s cost to develop?

Approximately £80k (excluding traffic data)

- What are your proposed plans (e.g. Procurement) to update your current transport model/s?

None at this time. Development of regional transport model already commissioned likely to supersede North Tyneside Strategic Model due to advanced capabilities.
