

North Tyneside Council

Reference: FOI0688

Request:

Can you please provide an up-to-date record and full break down of the type of casework and what percentage of overall work carried out by Councillors Bolger, Weetman, and Day (Tynemouth ward councillors).

I am interested in further understanding the breakdown of where my local councillors focus their time and energy by category i.e. how many cases have they worked on to do with dog mess and how many cases have they worked on regarding planning?

Could this information be collated in a way that shows these percentages possibly as pie charts or in another easy to access way of presentation.

Applicant has further clarified the meaning of cases as:

"With regard to my previous correspondence I am happy to clarify what I mean by 'cases' so you can process my request.

I mean casework. So for example if my local councillor has had say 10 pieces of casework looking at regeneration on the Fish Quay or 7 pieces of casework looking at local planning concerns... I wish to know how much casework they have done and in what areas they have focussed their efforts."

Response:

See accompanying spreadsheet.

It is not possible to provide casework as a percentage of their overall work carried out, as this is an unknown quantity.
