Request:

Taking the period from the start of 2015 to the current date, could you please release under the terms of the Freedom of Information Act:

- the names of and links to supplementary planning documents adopted by the local authority, which were created using funding, in full or in part, by companies, consultancies and other organisations outside the local authority.
- the name or names of the organisations which funded them in each case
- the cash amount received by the council from each funder to cover the council's costs.

Response:

Since November 2012, Capita has provided all Planning services on behalf of North Tyneside Council as part of a long-term strategic Partnership for the delivery of a range of technical services. The following SPD's have been produced by the Partnership since 2015 and are available on line via the following link:
