

Reference: RFI 1710027

Request:

Please could you provide the following information under the Freedom of Information Act 2000.

For each calendar year from 2007 to present, how many new school buildings in the council's area (for which the council holds information) were built

- a) With a sprinkler system included
- b) Without a sprinkler system included?

For clarity, by sprinkler system, I am referring to a fire safety system, as described for example in the [Building Bulletin 100 guidelines](#), as opposed to any other kind of sprinkler.

In your reply, please could you specify whether the figures you provide include academies and free schools as well as local authority controlled schools. If the council holds the relevant information for free schools and academies, I would like it to be provided, but if not, please could you make it clear these are not included. Likewise, if they are included, please make this clear as well.

NORTH TYNESIDE COUNCIL
Local Authority New Build Schools since 2007

SCHOOL	COMPLETION	Sprinkler System:
Beacon Hill School	2008	Sprinkler Installed
Monkseaton High School	2009	Sprinkler Installed
