**Request:**

Please can you tell me how many times the on line NT Council fault reporting sytem has been used to report litter and flytipping ( where an address search is required )?

A ) in the last year - see separate spreadsheet attached the data for the last 12 months for fly-tipping and street cleansing requests via the web which is broken down by month.

B) since Norma Redfearn became mayor in 2013 or since system inception, if that is a later date.

- see separate spreadsheet attached the same requests via the web since December 2013 as the self serve eforms weren't available until this date.
