To clear up any issues with the term parking fines I am interested in PCNs for both on and off street parking.

The reason we are using fines received rather than issued is as follows.

Penalty charge values vary depending on the parking contravention. Unfortunately we do not have a report that provides the number of penalty charge notices issued by date and by contravention code. We would have to go into each individual case to find out what contravention code the penalty charge notices have been issued for and apply the discount value to each. Therefore this part of the request is refused under s12 (1) Freedom of Information Act 2000, since the cost of complying would exceed the appropriate limit set out in the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004.

In assessing the cost of complying, the costs attributable to officer time involved in complying have been taken into account. Such costs are limited to £450.00 under the Regulations, which equates to eighteen hours of officer time.
