

North Tyneside Council

Reference: RFI 1804102

Request:

I require some information relating to road inspection &/or works carried out on the A193 East.

Specificity the area between A193 East from from Chillingham Road to Wallsend center.

During the dates 20th March 2018 until the 19th April 2018.

I need locations of potholes, date/times of inspections, notes/records of any damage, and details of any work carried out because of these inspections.

Response:

The section of road within the North Tyneside boundary referred to in this enquiry is inspected under High Street East and High Street West. Shields Road is only a 100m section, therefore, is covered by the High Street West inspection. I have attached copies of the inspections carried out within the requested dates for both of the locations along with details of works identified and issued.
