Additional Allocation (£,000s)

- Of the additional money received by your council as part of the Improved Better Care Fund (iBCF) allocation for 2018/19, how much (£,000s) is planned to be spent against:

| iBCF allocation for 2018/19  | Planned Spending (£,000s) |
|--|---------------------------|
| Meeting adult social care needs  | 1,892,000                 |
| Reducing pressures on the NHS, including supporting more people to be discharged from hospital when they are ready | 0                         |
| Ensuring that the local social care provider market is supported   | 4,880,688                 |

We have attempted to fit our planned spend into these categories but in reality these are all interchangeable. The funding will support social care placement costs. All of our long term care is provided externally so this spend will be meeting social care needs and supporting the social care provider market. The spend will also reduce pressure on the NHS by providing care on discharge from hospital and preventing admissions.
