**Request:**

I would like to make a Freedom of Information (FOI) request. I am conducting some research into the amount of competitive 'Full Fibre' ("Fibre-to-the Home/Premise") telecoms infrastructure being built across the country, region by region. Please could you answer the following questions:

- 1. Number of Applicants to build Full Fibre networks in your area:

For the avoidance of doubt I am interested in the number of applicants (rather than the total applications) in your area (either received or prospective). Eg if BT Openreach applies for say 5 projects, and (say) "CityFibre" 2 projects, and "Infracapital" 1 project, then the total would be 3 (rather than 8).

Number of Applicants

2	
3	X
4	
5	
6 or more	

BT Openreach, Virgin Media & Voda phone

- 2. Local Authority resources dedicated to full fibre

**Local Authority resources for "Full fibre"**

No priority	
One part time officer	
Dedicated officer	
Dedicated team	

Out of 10 (1 lowest / 10 highest) how would you rank Full Fibre as a priority?
