

North Tyneside Council

Reference: RFI 1812003

Request:

What value (£) is the unallocated space, per m², on the highways within the Borough?

Response:

We do not recognise the term “unallocated space” in the context of highway asset valuation, nor are we able to provide square metre figures for the highway asset.

However the value of the carriageway network as a whole as calculated using Whole of Government Accounting protocols is £1,404,000,000 (£1.4billion).
