Representations, received by letter, e-mail and via public access, relating to individual planning applications are held on the application case record. It is not possible to provide a response to FOI questions 4 & 5 as information is not held in any format which allows interrogation of the overall volume of representations by any specified time period or specified topic.

The planning officer's report for every planning application sets out information on the number of representations received and a summary of the nature of those representations. Case officer reports are available to view on line with each planning application at:
