

North Tyneside Council

Reference: FOI0961

**Request:**

Do you use a computer based system at the council to manage your fleet management? If you do can you please tell me what system / provider you are currently using, is it a in house system or bought? If not, how do you manage them, is it paper based, or spreadsheet based?

If bought what is the term of the contract you took out with the provider? What are the total yearly costs for using said system? If you have a system in place how many staff administer the system?

**Response:**

We currently used a system called Tranman, this is provided by Civica UK Ltd. the system has been purchased and there is an annual subscription and the cost for 2019-20 was £6412.52

We have a dedicated team of 4 who use the system.
