Request:

Station road North Wallsend

Can you please supply the daily volume of traffic on this road for the years 2007 and 2016, speak times.

Thank you

Response:

Having checked the traffic data it showed in Feb 2007 there was an average 18,286 vehicles per day and in 2016 it had risen to 19,980. However, we are aware these figure have spiked in the last 12 months following the recent works which have commenced at the A19 / A1058 junction.
