## **OV16/07/18 Creating a Brighter future Programme progress update**

The Committee received a report that provided 2017/18 end of year position for the key projects and business cases within the Creating a Brighter Future (CBF) Programme.

Information was provided to the status and saving delivery of the projects in the programme and detailed that the programme delivered £16.237m of the overall £18.338m requirement through planned business case changes.

The Committee heard that the balance of £2.101m had been mitigated by savings made elsewhere to achieve a balanced budget.

It was highlighted that through key service changes the CBF programme would deliver improved outcomes for residents and services users and some examples were provided.

A member acknowledged the Council achieving the necessary savings in 2017/18 and asked to what level of savings were required for 2018/19. It was stated that it would be necessary for the Authority to make saving in excess of £10m in the current year.

**Agreed** that the Creating a Brighter future Programme progress update be noted.
