The following Tenders have been received in the NEPO Portal and verified by Legal and Democratic Services as Compliant Framework Tenders. After the initial compliance checking which included pass/fail questions, the weighted element of the evaluations were completed which consisted of **a Case Study where bidders had to reach a 50% threshold to continue to the Quality Questions**. The Pricing was then checked for abnormalities and included in the evaluation matrix to identify the preferred bidder(s). The final checks were carried out with the preferred Financial and H&S and all have completed and passed.
