NEPO202 Managed Remarketing of Vehicles and Plant	Ojeu Open	Transport	This framework is set up to sell the Authorities vehicles and simlair assets, achieving highest value for money via a managed service to re-market the vehicles effectvelly and sell via auction. This is a zero cost framework in that the first ranked supplier CVA does not charge any upfront costs to the contracting authorities and instead charges a buyer premium based on the final selling price of a vehicle or asset. As a consequence there is no spend in the usual way but the revenue generated from the sales is an income stream returned to contracting authorities.
