

North Tyneside Transport Policy Statement 2015/2016

North Tyneside Council

Transport policy statement for learners aged 16-18 in further education and continuing learners aged 19 and over

Department Responsible: Commissioning and Investment

1. Summary of Policy Statement and Main Objectives (this section should give an overview/statement of intent of what the LA's transport policy is and what the subsequent desired outcomes are).

This policy statement sets out the way in which North Tyneside Council has decided to exercise its powers and duties in relation to the provision of school and college transport for learners aged 16-19 in accordance with section 509 of the Education Act 1996, as amended by Section 83 of the Education and Inspection Act 2006.

The policy seeks to ensure that no North Tyneside learner is prevented from continuing in further education due to lack of transport provision or lack of financial support with transport costs. It outlines the provision of transport provision schemes and assistance for Post 16 learners who live and study in North Tyneside or those who live in North Tyneside and attend an educational establishment outside of the Borough if it is the nearest provider offering the appropriate course of study.

This document sets out the current policy of North Tyneside Council, which it should be noted could be subject to change in the future.

North Tyneside Council supports and encourages safe and sustainable independent travel wherever possible. It promotes walking, cycling and the use of public transport whenever possible but with the emphasis on safety and efficiency. Where the use of public transport is not suitable to meet the needs of students alternative provision may be provided subject to various terms and conditions detailed in North Tyneside Council's Home to School/College Transport Policy.

To support learners, North Tyneside Council, in conjunction with the Home to School/College Transport Policy the Tyne and Wear Passenger Transport Executive, Nexus, provides affordable transport to allow students to travel within the Tyne and Wear area.

2. Please provide details of all concessionary fares, discounts, subsidies, passes or travel cards available for learners aged 16-19 and who provides them. Please provide details of any costs to the learner.

All students, whether attending College or 6th Form, may be entitled to claim funds from the learning provider through the 16-19 Bursary funding that each provider receives from Central Government. The Bursary Fund is means tested but can be used for any expense such as travel, meals equipment or resources for the course.
