

Prescription Deliveries in North Tyneside

A guide to pharmacies and their delivery options

Did you know that you can get your prescriptions delivered? During the coronavirus pandemic, people told us how helpful it would be to have clear information about how you can get a prescription delivered. The NHS in North Tyneside does not fund pharmacies to provide a delivery services so some may charge. This guide details the services that local pharmacies provide - mainly this involve a driver picking up your prescription from a local pharmacy. In addition to these local services, there are several online pharmacies that will deliver your medication through the post.

We produced this guide because people told us it would be helpful. As well as an overview of prescription delivery services, we have also answered some Frequently Asked Questions that provide more information - see www.hwnt.co.uk or ring 0191 263 5321 for details.

Please tell us about your experiences of getting prescriptions, and your other health and care experiences here:
www.healthwatchnorthtyneside.co.uk/haveyoursay
We use this information to help improve services for local people - your feedback matters.

Key to table of pharmacies

-  Prescription delivery available
-  Delivery service offered but may be full to capacity or a waiting list in operation
-  Currently no delivery service
