Business and Planning Act 2020

Application Form

North Tyneside Council
Licensing Team
Block A
Harvey Combe
Killingworth
NE12 6QQ

Date received		App no.	IPLICTC
Fee paid	V 102.00	Receipt no.	

Please read before completing

This form must be completed in full and submitted by email along with all required supporting information. The associated fee can be paid following approval of your application by BACS transfer using the details in part D.

1. Please complete the whole of the application form and provide the additional documentation as indicated; failure to do so will mean that your application can not be accepted.
2. If you have any queries filling out the application form, please email liquor.licensing@northtyneside.gov.uk
3. The form must be submitted by email to liquor.licensing@northtyneside.gov.uk
4. The application will be subject to a public consultation period of 14 days starting on the day after a valid application is made. Once the application has been processed by the Authority, it will also be advertised on the Authority's website.
5. You must, on the same day the application is made, fix a notice of the application to the premises so that it is readily visible to members of the public who are not on the premises. You should be able to provide evidence that you have done this. The notice must remain in place until the end of the consultation period. A template notice is available on the Authority's website.
6. It is recommended that you talk to neighbouring businesses and occupiers prior to applying to the Authority so that you can take potential noise and nuisance issues into account in your proposal.
7. The determination period is 14 days beginning with the first working day after the end of the public consultation period.
8. A pavement licence will be granted subject to conditions. These may reflect those set out in the Business and Planning Act 2020, those published by the relevant Secretary of State, and local conditions set by the Authority.

9. If granted the licence will be for a maximum duration up to two years.
10. The grant of a pavement licence only permits the placing of furniture on the highway; other regulatory frameworks still apply such as the need for alcohol licences and the need for food business registration.
11. If an applicant breaches any condition of the licence, then the Authority may revoke the licence or serve on the licensee a notice requiring the taking of such steps to remedy the breach as specified in the notice within the time specified. If the breach is not remedied, then the Authority may revoke the licence or take the steps itself and recover the costs of doing so from the licensee. The licence may also be revoked if all or any part of the area of the highway to which the licence relates has become unsuitable for any purpose for which the licence was granted or as a result of the licence there is a risk to public health or safety; anti-social behaviour or public nuisance is being caused or risks being caused; the highway is being obstructed (other than by anything done by the licensee pursuant to the licence); anything material stated by the licensee in their application for a licence was false or misleading or the licensee failed to properly fix a notice of the application to the premises so that it could be easily read and ensure that such notice remained in place until the end of the 14 day consultation period.

If you need us to do anything differently (reasonable adjustments) to help you access our services, including providing this information in another language or format, please contact liquor.licensing@northtyneside.gov.uk or telephone 0191 643 2175.
