Applicants applying under ‘subject to further assessment’

Applicants applying under sections **3, 4, 5 or 6** ‘subject to further assessment’ categories are asked to provide detailed information from a medical/health care professional that you feel supports your application for a blue badge. Evidence from your GP will not be accepted in support of your application if this is the only source of supporting evidence provided. It is recommended that you provide additional documentation relevant to your condition to support your application form, this could include any letter of diagnosis, patient summaries, confirmation of treatment or agreed care plan documentation, Education Health and Care plans (EHC) or appropriate contact details of any allocated health or social care practitioners involved in your care.

We may ask you to have an assessment with a medical professional in order to determine whether you meet the eligibility criteria.

Section 3 – Applicants ‘subject to further assessment’ with walking difficulties

Section 3 needs to be completed if you are over the age of two and have an enduring and substantial disability (i.e. a condition that is likely to last for the duration of your life) which means that you cannot walk or have considerable difficulty walking.

Applicants are asked to describe the nature of their disability and give an estimate of the maximum distance they can walk without assistance or severe discomfort.

If you find it difficult to work out the distance you can walk in metres, please tell us:

- The number of steps you can take, and how long, in minutes, it takes you to walk that distance.
- The way that you walk, for example, shuffling or small steps etc.

We may ask you to have an expert assessment with a medical professional in order to determine whether you meet the eligibility criteria.

If you have had an expert assessment in the last 12 months which covered your walking ability, you can provide details of this in section 7(a).

Section 4 – Applicants ‘subject to further assessment’ with hidden disabilities

Section 4 needs to be completed if you are over the age of two and have an enduring and substantial disability which causes you to:

You will need to satisfy all three conditions to qualify for a Blue Badge.

Section 6 - Applicants subject to further assessment under the age of three

Section 6 covers children under three years of age who:

- Have a condition requiring the transportation of bulky medical equipment at all times;

The list of bulky medical equipment may include: ventilators; suction machines; feed pumps; parenteral equipment; syringe drivers; oxygen administration equipment; Continuous oxygen saturation monitoring equipment; Casts and associated medical equipment for the correction of hip dysplasia.
